

111th AIR SUPPORT OPERATIONS SQUADRON

MISSION

The mission of the 111 ASOS is to act as the Communications and Coordination link between the Army ground Commander and Air Force combat assets. The ASOS performs this function by accepting requests for close air support from lower-echelon, joint-service units, and coordinating those requests with the senior Army maneuver element, joint-service artillery and other combat assets. The 111th deploys to battlefield forward areas and supports multiple services in providing close air support and acts as a liaison between Air Force and Army elements.
