OPERATIONS

November 2001, Lt. Col. Greg Nelson of the 123rd Airlift Control Flight and his unit were called to active duty and spent more than 60 days deployed in the Afghanistan area of operations. After returning home for less than a month, the group was sent to Fort Campbell, KY to offer support for the Kentucky Department of Military Affairs deployment and redeployment of their troops. Nelson's team assisted in moving more than 17 million pounds of cargo. The unit's mission consisted of command and control of all airlift operations. ALCF members worked with every service aircraft in the U.S. military as well as those of multiple coalition nations and U.S. agencies.

During September 12-15, 2002, more than 60 members of the 123rd Civil Engineers Squadron participated in the unit's annual bivouac field training at Fort Smith, Arkansas. November 2001, Lt. Col. Greg Nelson of the 123rd Airlift Control Flight and his unit were called to active duty and spent more than 60 days deployed in the Afghanistan area of operations. After returning home for less than a month, the group was sent to Fort Campbell, KY to offer support for the deployment

and redeployment of their troops. Nelson's team assisted in moving more than 17 million pounds of cargo. The unit's mission consisted of command and control of all airlift operations.
