OPERATIONS

The mission of the 124th Security Forces Squadron is to train for installation and weapons systems security vital to the protection of all the resources located at Gowen Field. Once deployed, the SFS provides weapon systems security for alert non-nuclear aircraft and air base ground defense at main operating bases or collocated operating bases. In recent years, members of the 124th SFS have deployed to locations worldwide, including Al Dhafara, United Arab Emirates and Osan AB, South Korea.

In response to Sept. 11, 2001, every member of the squadron was activated to a full-time status for one year. At the end of that year, they were extended for another year. Squadron members have been rotating in and out of Southwest Asia on 90-day deployments since mid-2002.
