OPERATIONS

As with the rest of the U.S. military, focus changed abruptly on Sept. 11, 2001. By the end of September virtually all of the 153rd Security Forces Squadron had been called to active duty and assigned to active Air Force bases. As a result numerous individuals volunteered to be activated as security forces augmentees, an assignment that lasted half a year for many. Three

others volunteered for temporary civilian airport security duties.
