OPERATIONS

1980 WSSF participates in a night time training exercise with the 67th Security Police Squadron. The 924th men formed at the base headquarters. With M-16's, walkie talkies, and blank rounds of ammunition they proceeded to protect their area from infiltration. The exercise was a great success and provided excellent training for both Reservists and active duty security police.

1982 The Weapons Systems Security Flight participate in TEAM SPIRIT 82, at Kunsan AB, Korea.

1987 Training at Camp Swift was just another day's work for members of the 924th Weapons Systems Security Flight. Real life scenarios were played out and getting down in the dirt, throwing hand grenades, and learning about claymore mines were just part of the training. A persistent downpour didn't hamper the training or the spirits of these reservists. The constant training would prepare them for their annual tour scheduled for Zweibrücken, Germany, for a joint USAF-German reconnaissance training mission near the French border.
