MOTTO

OPERATIONS

The 3d Services Squadron had numerous dissolution and structuring decisions to make during the closure of US operations at Clark AB. We had to determine the disposition of various Non-Appropriated Fund (NAF) properties. NAF large appliances and furniture were turned over to DRMO or transferred to US Government agencies remaining in the Philippines. Small NAF appliances, supplies and furniture were sold to the remaining mission essential force. Property in Chambers Hall (televisions, video players, etc.) was left in place to provide comfortable living quarters for personnel remaining until 26 Nov 91. Approximately 1 million dollars of Cebu furniture not yet shipped to Clark was shipped directly to Guam. Also, seventeen Sea-Land containers of this furniture were shipped from Clark housing supply to Guam. The Cebu furniture in the new dormitories was left in place, although it was offered to the US Navy. Computer components (SIMS) for automated billeting, food service and housing supply, valued at \$800,000 were shipped to Guam for distribution within PACAF. Dining Facility (appropriated funds) equipment was left in place or transferred to US units remaining in the Philippines, with the exception of relatively new, brand new or high value items such as reach-in refrigerators and deep fat fryers. These exceptions were shipped from Clark for further disposition within PACAF. All mortuary equipment, transfer cases and assorted chemicals were shipped to Kadena AB.
