

23rd AIRCRAFT MAINTENANCE UNIT (FLOATING)

The Aircraft Maintenance Units (Floating) were apparently constituted as Floating Repair Units. The abstract for the 5th AMU (Fltg) indicates it was redesignated the day it was activated, but the L&H statement for the 16th AMU (Fltg) indicates it was redesignated before activation. At any rate, all 35 of them were activated in June 1944 (most on 2 Jun 44, the rest on 10 Jun 44). The 1st-4th apparently at Brookley Fld, and the 7th-19th at Daniel Fld. The 20th-35th were activated 2 Jun 44 and disbanded on 21 Sep 44 (possibly the 19th, too).
