

45 CONTRACTING SQUADRON

MISSION

The 45 Contracting Squadron awards and administers contracts for equipment and services in support of the 45th Space Wing and Air Force Space Command, including the assets of the Eastern Range, extending more than 10,000 miles from the Florida mainland through the South Atlantic into the Indian Ocean. The 45 CONS also provides direct support to the Air Force Materiel Command, NASA, the North American Aerospace Defense Command, the Air Force Technical Applications Center, Joint Stars; and the US Coast Guard, Army, and Navy. Recently, 45 CONS, the largest contracting squadron in the Air Force, has protected the United States' interest to explore the "high ground" by providing the Air Force's best contracting support to the 45th Space Wing at the "busiest launch base in the world."
